

# CODECORRECT KNOWLEDGE

## Regulatory Data and Revenue Intelligence for Hospitals and Healthcare Systems

Regulatory guidelines are constantly changing, making it difficult to ensure that your facility is submitting accurate claims. Easy access to timely billing, coding and regulatory reference information improves compliance and optimizes your reimbursements.

**“We don’t rely on expensive books any longer. This is an invaluable research tool.”**

## FEATURES

### REGULATORY SOURCE INFORMATION

---

**CodeCorrect Knowledge can reduce A/R days while facilitating compliance with current CMS directives. CodeCorrect Knowledge keeps you informed by:**

- Supplying the most current CMS directives and informing users, with department and specialty-specific Informant® e-mails, of CMS notifications that will affect coding and compliance functions – along with the ability to identify and track action taken in response to OPPS change notifications
- Simplifying the management of information published in Medicare manuals, Medicare Bulletins, National Coverage Determinations, Local Coverage Determinations, Program Transmittals, CMS Rules and OIG publications

### INTELLIGENCE FOR CODING DECISIONS

---

**CodeCorrect Knowledge helps strengthen your bottom line and shorten your revenue cycle by uncovering coding problems and giving you the information to resolve them. With our solution, you get unparalleled insight and help, including the ability to:**

- Identify CPT/HCPCS codes that are not paid by OPPS and access alternate acceptable codes
- Pose specific questions and receive answers from our Coding and Compliance department, with the help of our Coach® function
- Access national charge statistics
- Easily search archived Q&A questions

### CODING AND REIMBURSEMENT INFORMATION

---

**With CodeCorrect Knowledge, you get a level of coding intelligence and analytics that is unsurpassed. Our solution will help identify Correct Coding Initiative issues, point out medical necessity limitations (LCDs/NCDs) and supply Medicare preferred codes. Other features include the ability to:**

- Access up-to-date CPT/HCPCS codes, ICD-9, modifier information, coding guidelines, NCCI edits and wage-adjusted APC payment information
- Generate reports on accurate codes, including reimbursable or reportable codes, drugs (generic and brand) and revenue codes
- Find reimbursable pass-through codes, recognize HCPCS non-reportable codes and identify procedure codes that require device codes
- Conveniently display APC, ASC and pharmaceutical payment information
